

VIDYA BHARATI SCHOOL

Annual Report 2021-22

“Excellence in education is when we do everything that we can make sure they become everything that they can”

A heart filled with aspirations is all that we know since the very existence of the school and that's what give us the ambition of marching forward till excellence is achieved in all our endeavours. This report is comprised of the achievements made during the year gone by and at the same time set the path for greater accomplishments in the years to come.

The year gone by was fruitful, achieving both the expected and the unexpected and this set the milestones for us to make a vibrant, joyous move in the academic session 2022-2023. Session 2021-2022 was a hybrid session a mixed blend of virtual and physical platform and it remained a successful one with many innovative ideas becoming concrete. With pleasure, I present in a nutshell the highlights of the session.

School Philosophy:

The School provides value based education and personality development programs to strengthen the ethical and moral development of students. The curriculum here is aimed at providing excellent education in scholastic subjects, co-curricular activities, value education, games and sports, yoga, music, art & craft and dance. The school focuses not only on advanced academics but also on extra-curricular and co-curricular activities. Students are trained at a very young age towards incorporating a sense of responsibility, loyalty, team spirit, and healthy competition to become graceful and dignified personalities.

Environment Education

It is a part of the day to day lessons being taught and the aspect is stressed at regular intervals in the online and offline Assemblies.

Staff

The most valuable resource that any school can have is its staff. The school collectively has an enthusiastic and dedicated team of teachers in the senior secondary, secondary and the primary and pre primary department. Along with it, they are empowered and supported by the Non Teaching and Support Staff. Their coordination with each other is what enables the school to function smoothly and grow with new perspectives.

Parents' and Teachers' Association

A general body meeting of parents is held on a regular basis. PTA members of school are closely involved in most academic activities. We thank and congratulate them for their support and cooperation through the years.

Online Education due to COVID 19

COVID 19 pandemic has lead to a burst of activity with online education. As a result education has changed dramatically with the rise of e – learning using a digital platform. Virtual classes were held on Zoom, Microsoft Teams and Google Meet. The 40-40 minute's sessions made everyone smart techno savvy dealing with the students almost like the physical classroom. Teachers are undergoing a process of continuous development by undertaking a number of

training sessions on different portals of CBSE. Examinations were conducted both offline and online and parents co-operated with us by agreeing to be the invigilators.

Training, Seminars, Orientation and Counseling

Every academic year training, seminars and orientation programmes are conducted for teachers and students to improve and implement innovative ideas in teaching learning practices as well as to take the students beyond their current level of learning. This year too teachers participated in all the mandatory workshops by CBSE as well as from other publication houses in an online mode. Online Counseling for the students was also done.

Celebration

National Festivals were celebrated with due pomp and grandeur for our motherland with Patriotic Songs and Dances. All religious festivals like – Diwali, Guru Nanak Jayanti, Christmas, Eid etc are celebrated throughout the year with due respect to the religious sentiments of students.

Co-curricular and Extra Curricular Activities

Various activities were conducted throughout the year. Some of these events are – Fancy Dress Competition, Card Making, Best out of Waste, Poster Making, Chart Making as well as Dance competition both Online and Offline. Games and Sports Develop a Sense of Friendliness among the students. The school provides ample opportunities for students to perform regular exercises, Yoga and to play and prove their mettle in various sports and games like – Hockey, Badminton, Volley ball, Cricket etc.

Conclusion:

We believe that every year brings changes. Before I conclude let me assure that even though our students engage themselves in various co-curricular activities, top priority is given to their academic performance. Remedial teaching, extra classes, revisions, unit tests, class tests, assignments, project works end of term exams have kept them busy throughout the year. I thanks to our Management, Teaching and Non-teaching staff and students and parents who have been with us in all our activities with maximum support. With this I conclude the report.

Best Regards

Ms. SEEMA KHANNA
