C-Block, Surya Nagar, Ghaziabad, U.P.-201011

Circular No. : PVIS/2026/21

For Grade X only

Date : 08.10.2026

Dear Parents and Students,
Greetings!

In accordance with CBSE guidelines this is to inform you about the option of choosing between two levels of Mathematics for the upcoming Class X Board Examinations.

This scheme aims to cater to different learning styles, lower student stress levels, and align options with individual future academic goals.

1. **Overview of the Two Levels of Mathematics**

- **Mathematics - Standard (Code: 041):** Corresponds to the existing level of examination. It is designed for students who intend to pursue Mathematics in Class XI and XII.
- **Mathematics - Basic (Code: 241):** An easier-level examination designed for students who are not keen on pursuing higher-level Mathematics after Class X.

2. **Key Academic Policies & Guidelines**

- **Uniform Classroom Curriculum:** The syllabus, classroom teaching, and internal assessments will remain identical for all Class X students throughout the year, allowing everyone equal exposure before finalizing their choice.
- **Internal Assessment:** The two-level option applies **only to the Class X Board Examination** and does not apply to Class X internal assessments.
- **Option for Class XI Mathematics (Relaxation Rule):** As per the latest CBSE circular (dated 27.05.2025), students who opt for **Mathematics-Basic (241)** in Class X are **also permitted** to opt for **Mathematics (041)** in Class XI, provided the Head of the Institution is satisfied with the student's aptitude and ability.
- **Final Selection in LOC:** The choice selected in the List of Candidates (LOC) submitted to CBSE is final, and **no changes will be permitted later.**
- **Compartment Examination Options:**
 - If a student fails **Mathematics-Basic**, they can re-appear only in **Mathematics-Basic**.
 - If a student fails **Mathematics-Standard**, they can re-appear in either **Mathematics-Standard** or **Mathematics-Basic**.
 - Students who pass **Mathematics-Basic** and later wish to pursue **Mathematics-Standard** may appear for **Mathematics-Standard** during the Compartment examinations.

3. **Consent & Undertaking Form**

(Please fill, sign, and return this slip to the class teacher on or before October 9th, 2026)

Regards

MS. JYOTI SAXENA
PRINCIPAL
